

Resume

Objective

To find a position in a creative environment where I can learn from my peers and where the challenges set before me will help me to continue to grow as a professional.

Experience

Logo design, business cards, letterhead, envelope, magazine ads, postcards, newsletters, brochures, annual reports, posters, flyers, invitations, screen savers, t-shirts, event programs, billboards, bus boards, packaging, store displays and reusable shopping bags.

Employment

Communications & Program Marketing Junior Designer

Green River Community College ■ 2008-2009

Using Photoshop, InDesign and Illustrator I continued where I began as an intern to create posters, brochures, business cards and other media for a variety of clients.

Communications & Program Marketing/Student Life Central Washington University Intern

Green River Community College ■ 2008

Individually and as part of a team I designed posters, ads, brochures, t-shirts and a diverse assortment of media for variety of clients. I reported daily to the senior designer, working also in file updating, photo retouching, color correction and getting projects ready to send to print.

Head Student Lab Assistant

Central Washington University ■ 2007-2008

Managed the art department computer lab setting up quarterly employee schedules, hiring new staff, keeping supplies stocked and assisting students with programs such as Photoshop, Illustrator and Indesign, as well printing and homework needs.

Computer Lab Student Assistant

Central Washington University ■ 2006-2007

Maintained the art department computer lab keeping supplies stocked and assisting students with programs such as Photoshop, Illustrator and Indesign, as well printing and homework needs.

Communications & Program Marketing Green River Community College Intern

Green River Community College ■ 2004-2005

Created media for clients using Macromedia Freehand, Adobe Photoshop and InDesign. Reporting daily to the senior designer to learn the in's and out's of the design process. Also assisted in research, photo retouching, color correction, photography shoots and getting projects ready to send to print.
